Garrett Morris, *Assistant Professor, Computer Science*R. Tyler Priest, *Associate Professor,**History and Geographical and Sustainability Sciences*Roland Racevskis, *Associate Dean for the Arts and**Humanities, College of Liberal Arts and Sciences;**Professor, French and Italian*Jennifer Rogers, *Associate Professor of Instruction,**Health and Human Physiology*Sara Sanders, *Dean and UI Alumni Association**Dean's Chair in the Liberal Arts and Sciences,**College of Liberal Arts and Sciences;**Professor, Social Work*Travis Vogan, *Associate Professor, Journalism and**Mass Communication and American Studies*Joshua Weiner, *Associate Dean for Research,**College of Liberal Arts and Sciences; Professor, Biology*Giovanni Zimotti, *Lecturer, Spanish and Portuguese***SIGN LANGUAGE INTERPRETER**

Hands Up Communications

THE BRASS QUINTET

Michael Gause, trumpet

Caylan Laundrie, trumpet

Katy Ambrose, horn

Jonathan Allen, trombone

John Manning, tuba

ACADEMIC RECOGNITION

High academic achievement is recognized upon graduation in three ways: graduation with distinction, based upon grades only; graduation with honors in the major, based upon both grades and the completion of an honors project approved by the college and the major department; and graduation with university honors, based on grades and completion of a formal curriculum of honors coursework and experiences.

The college awards degrees “with highest distinction” to students in the highest 2 percent of their graduating class; “with high distinction” to students in the next highest 3 percent; and “with distinction” to the next highest 5 percent. Ranking is based on students’ grade point averages for both University of Iowa course work and all college-level study undertaken before the final registration.

To be eligible for graduation with distinction, students must complete a minimum of 60 semester hours in residence in the College of Liberal Arts and Sciences, of which at least 45 semester hours must have been completed before the student’s final registration.

Stars worn on the left sleeve designate graduation with distinction: **Three stars** indicate graduation with highest distinction; **two**, with high distinction; and **one**, with distinction.

Candidates graduating with honors in the major wear **white cordons** to mark their achievement. Candidates graduating with university honors are recognized by a medal worn on a **black and gold lanyard**. Students graduating with **Phi Beta Kappa** honors — indicating their acceptance into the oldest and most prestigious national honor society for students in the liberal arts and sciences — wear a **pink and sky-blue cordon**.

THE COLLEGE OF LIBERAL ARTS AND SCIENCES

In the University of Iowa College of Liberal Arts and Sciences, we empower inquiring and motivated students to explore the entire range of human learning — from the arts and humanities to the social, natural, and mathematical sciences — in preparation for meaningful lives and rewarding careers.

At our founding in 1901, the College of Liberal Arts and Sciences instructed about 600 students in four courses of study. Today, nearly 15,000 undergraduates are enrolled in our college. Roughly 80% of all UI undergraduates begin their studies in the College of Liberal Arts and Sciences, and we award about 60% of the University of Iowa’s undergraduate degrees.

Alumni of the college are pioneers in everything from space physics, medicine and neuroscience, to theatre, television and film; they are professional athletes and accomplished artists; and they have won Pulitzer Prizes, Olympic medals, Oscars, Emmys, and more.

We are immensely proud of each one of our hardworking graduates, who will carry their Iowa experience into their professional and civic lives as original thinkers and engaged citizens of their communities and the world.

Because multiple ceremonies are scheduled for today, we regret that graduates and their guests will not be permitted on the arena floor after the ceremony concludes. Please plan to meet your party on the concourse level of the arena or outdoors immediately following the ceremony.

RECYCLE LIKE A HAWK!

The University of Iowa is committed to integrating sustainable practices into all university programs and activities while ensuring a memorable and positive experience at every event. Please note, all graduates have been provided a copy of the Commencement program.
