 THE UNIVERSITY OF IOWA

# COMMENCEMENT

*Spring 2019*

# Letter from the President

## **Congratulations on your graduation from the University of Iowa!**

Today is an exciting and proud day in the life of the university—when our students, their friends and family, and their teachers and mentors celebrate the completion of a University of Iowa degree. One of the greatest badges of pride you will wear from this day forward is your degree from the University of Iowa. The contributions you will make to the world will be rooted in the unique character of a UI education, so when you say you are an Iowa graduate, that carries a very special meaning.

No matter where you work and live in the years ahead, we encourage you to stay connected and involved through [ForIowa.org](http://ForIowa.org). There you will find locations of IOWA Clubs across the country (and world!) that provide good company for game watches and service activities. You can also access alumni resources and networking opportunities, keep up-to-date on university happenings by subscribing to the IOWA Magazine and newsletter, and join alumni affinity groups to stay in touch with alumni who share some of your most important UI experiences.

We will come visit you as well! The UI travels the country every year to bring the campus to your community, to share updates about the exciting advances and innovations happening at the university, and to give Hawkeyes a chance to gather with each other and celebrate their Iowa pride.

As you transition to the next phase of your life, we will continue to think of you as part of our university family and hope to always be an important part of yours. And of course, we hope you will come back to visit us when you can.

Again, congratulations on all your achievements, and remember, Once a Hawkeye,

Always a Hawkeye!

A handwritten signature in black ink, reading "J. Bruce Harreld". The signature is written in a cursive, flowing style with a large initial "J" and "H".

J. Bruce Harreld  
President

# Commencement Ceremonies

Thursday  
May 9, 2019

**College of Pharmacy**  
Hancher Auditorium, 10:00 a.m.

**College of Education**  
Hancher Auditorium, 4:00 p.m.

Friday  
May 10, 2019

**Graduate College, Doctoral**  
Hancher Auditorium, 9:00 a.m.

# The University of Iowa

The University of Iowa is one of the nation's premier public research universities, with **33,564 students** from **114 countries** and **all 50 states**. Founded in 1847, it is the state's oldest institution of higher education and is located alongside the picturesque Iowa River in Iowa City.

A member of the Association of American Universities since 1909 and the Big Ten Conference since 1899, the UI is home to one of the largest and most acclaimed medical centers in the country, as well as the famous Iowa Writers' Workshop.

In pursuing its missions of teaching, research, and service, the University of Iowa seeks to advance scholarly and creative endeavor through leading-edge research and artistic production; to use this research and creativity to enhance undergraduate, graduate, and professional education, health care, and other services provided to the people of Iowa, the nation, and the world; and to educate students for success and personal fulfillment in a diverse world.

The University of Iowa carries out its academic mission primarily through its 11 colleges, which offer undergraduate and graduate education, professional education, and education and training in the health sciences.

---

**First** university in the state of Iowa

**First** public university to admit men and women on an equal basis

**First** to officially recognize an LGBT student organization

**First** to broadcast educational television

**First** to offer the Master of Fine Arts degree

**First** College of law west of the Mississippi

**First** College of education in the country

---

**#38** - *U.S. News & World Report* "Best Public Universities"

One of the **top 250 universities** in the world (*Times Higher Education*)

**14 consecutive years** on the *Fiske Guide to Colleges* "Best Buy" list

**13 graduate programs** ranked among the top 10 in the nation

**#13** - Most Loved by Students (*Princeton Review*)

**95%** of graduates find a job or are accepted to graduate school within six months

Military Friendly School designation, *U.S. News & World Report*

# University Leadership

## Administration

J. Bruce Harreld, BE, MBA  
*President*

Susan J. Curry, BA, MA, PhD  
*Interim Executive Vice President and Provost*

Rod Lehnertz, BS, MBA  
*Senior Vice President for Finance and Operations*

Terry Johnson, BA, MBA  
*Chief Financial Officer and Treasurer*

Melissa S. Shivers, BS, MEd, PhD  
*Vice President for Student Life*

Carroll J. Reasoner, BA, JD  
*Vice President for Legal Affairs and General Counsel*

## Colleges and Academic Units

### Henry B. Tippie College of Business

Sarah Fisher Gardial, BS, MBA, PhD  
*Dean*

### University of Iowa Hospitals & Clinics

Suresh Gunasekaran, MBA  
*Associate Vice President, UI Hospitals & Clinics Chief Executive Officer*

### State Hygienic Laboratory

Michael A. Pentella, BS, MS, D(ABMM), PhD  
*Director*

# Graduation Honors

High scholastic achievement is recognized at graduation in two ways: graduation with distinction (based on grades only) and graduation with honors in a particular field (based upon both grades and the completion of special work as outlined by the college and the major department).

*Graduation with Distinction.* The Office of the Registrar certifies to the deans of the colleges the names of students eligible to graduate with distinction. To be eligible for consideration, the graduate must complete the final 60 semester hours in residence in the graduating college, at least 45 semester hours of which must have been completed prior to the final semester of registration. The grade-point average (GPA) upon which distinction is determined includes all work undertaken prior to the opening of the final session.

## **Graduates with distinction in the Colleges of Liberal Arts and Sciences, Engineering, and Business rank as follows:**

With Highest Distinction	Highest 2%
With High Distinction	Next Highest 3%
With Distinction	Next Highest 5%

## **Graduates with distinction in University College must complete a total of 45 semester hours in residence; 30 must be completed prior to final registration. Recognition is determined as follows:**

With Highest Distinction	3.90–4.00 GPA
With High Distinction	3.80–3.89 GPA
With Distinction	3.75–3.79 GPA

## **In the undergraduate programs in the College of Medicine:**

With Highest Distinction	3.85 GPA or above
With High Distinction	3.75–3.84 GPA
With Distinction	3.65–3.74 GPA

## **In the Colleges of Nursing and Education:**

With Highest Distinction	3.90 GPA or above
With High Distinction	3.80–3.89 GPA
With Distinction	3.75–3.79 GPA

## **In the College of Pharmacy:**

With Highest Distinction	4.0 GPA or above
With High Distinction	3.75–3.99 GPA
With Distinction	3.50–3.74 GPA

Distinction is designated by gold stars worn on the left sleeve. Three stars indicate graduation *with highest distinction*; two, *with high distinction*; and one, *with distinction*.

*Graduation with Honors Degrees.* Students may graduate with both departmental honors and university honors. Departmental honors recognizes excellence in a student's major area(s) of study, whereas university honors recognizes a breadth of academic accomplishment. Departmental honors requires additional work by the student, commonly a scholarly project or creative piece completed under the mentorship of a single faculty member, that goes beyond the regular requirements for the major. University honors requires the completion of a flexible curriculum of honors coursework and experiences, such as research, study abroad, or internships, woven into the student's undergraduate education. Liberal arts and sciences and education candidates who are graduating with departmental honors wear white cordons draped over the shoulders, and university honors is recognized by a medal on a black-and-gold lanyard worn around the necks.

# Academic Costume

The academic costume code recognizes three styles of gowns: bachelor's, master's, and doctoral. In May 2000, the Graduate College commemorated its centennial year with a new doctoral gown; the main differences can be seen in the trimming, cut, and shape of the sleeves. Hoods also denote degrees and may vary; the more elaborate adornments designate higher levels of degree attainment. The shell of the hood matches the black material of the gown, and the lining color represents the institution granting the degree. University of Iowa hoods are lined in old gold. The color of the velvet hood border indicates the field of study to which the degree pertains. At the University of Iowa, only doctoral degree candidates wear hoods. The velvet trim on hoods corresponds to colors established in the intercollegiate code.

The Oxford cap is proper for all degrees and can be worn both indoors and out with academic costume. The tassel, worn over the left eye, symbolizes the degree to be conferred on the wearer; tassels conform to the code colors for hood trimming.

Institutional practice may vary from the established code. University of Iowa candidates for degree display tassels corresponding to the college from which their degree will be granted:

Business: sapphire blue	Liberal Arts and Sciences: white
Dentistry: lilac	University College: white
Education: black and gold	Medicine: green
Engineering: orange	Nursing: apricot
Graduate: black	Pharmacy: olive green
Law: purple	

# University Artifact

The podium placed center stage at Carver-Hawkeye Arena was a gift to the University from the class of 1903. Made from solid mahogany, the podium boasts an etched silver placard inscribed with individual graduate names. This historic university artifact was restored by the Office of the Registrar in 2016. Graduate names etched on the podium plaque are available upon request.

# Presidential Emblem

The jeweled gold medallion worn by the University of Iowa president during commencement ceremonies and other formal academic events on campus was designed as an emblem of the university's presidency by Karen Cantine, UI graduate student in the School of Art and Art History.

Featuring an abstract UI motif in the University's colors—old gold and black— the emblem was first used in the investiture of Howard R. Bowen as the university's 14th president, during inauguration ceremonies on December 5, 1964.

Four-and-one-half inches in diameter, the medallion is worn on a gold chain also designed and made by Cantine. Fashioning the emblem from a sheet of 14-carat yellow gold, Cantine outlined in black enamel eight UI motifs in raised gold letters in areas radiating from a large topaz in the center.

The central jewel is almost an inch in diameter. A slightly smaller topaz is set in the link that attaches the emblem to the chain on which it is worn, and eight small topazes are set around the edge of the emblem, one at the end of each "spoke."

Designing and making the presidential emblem was part of Cantine's work for a Master of Arts degree in metalwork and jewelry design.

# Honorary Degrees

The University of Iowa, with approval of the Board of Regents, State of Iowa, confers honorary degrees to individuals who have demonstrated extraordinary achievements in such areas as research, scholarship, education, artistic creation, social activism, human rights, humanitarian outreach, or as recognized by the faculty as being consistent with the values of higher education.

Honorary degrees may be conferred at commencement ceremonies in the appropriate college or at University convocations. Honorary degrees are typically conferred only when the honoree is present. On rare occasions, an honorary degree may be conferred in absentia.

The first honorary degree was awarded in 1962; no honorary degrees were conferred from June 1, 1981 to 2007. Over 30 honorary degrees have been awarded, and two have been approved, but have not yet been conferred.

For more information on honorary degrees, or to see a list of award recipients, please visit [uiowa.edu/honorarydegrees](http://uiowa.edu/honorarydegrees).

## Mary Sue Coleman

### Honorary Doctor of Humane Letters

Dr. Mary Sue Coleman is one of the nation's great leaders in higher education. Currently, she is president of the American Association of Universities (AAU), the premier organization that monitors the academic performance level of the nation's top research universities. In that role, she is devoted to challenges including research funding, enhancing diversity, immigration policy, free speech, and access to higher education.

From 2002 to 2014, she served as president of the University of Michigan, which under her leadership continued to advance as one of the top universities in the world. An unshakable advocate for diversity and inclusion, Dr. Coleman took the lead in the Grutter vs. Bollinger Supreme Court case on diversity through Affirmative Action at the University of Michigan Law School, and won a landmark victory. In 2009, Time Magazine named her one of the 10 Best American University Presidents, for her emphasis on high-quality research and fundraising for public universities.

The University of Iowa community knows Dr. Coleman best as the university's 18th president. From 1995 to 2002, she energized the university, enhanced its academic standing among peers, and skillfully led it through a number of challenges—including bringing the campus together in the days and weeks following 9/11. During her tenure, she expanded the health sciences, championed women scholars and athletes, and enhanced the university's writing programs. She worked hard to make Iowa City the cultural capital of Iowa, contributing significantly to Iowa City ultimately becoming a UNESCO City of Literature shortly after her departure. She was instrumental to the success of the "Good. Better. Best. Iowa." capital campaign, helping to raise more than \$1 billion. She also generously provided significant personal support for students through the establishment of the Kenneth and Mary Sue Coleman UI Presidential Scholarship.

Dr. Coleman sits on the boards of trustees of the Kavli Foundation for advancing science and support for science, the Mayo Clinic Foundation, the Gates-Cambridge Scholars Program, the Society for Science and the Public, and the University of Denver. She is an elected member of the National Academy of Medicine, and a Fellow of the American Association for the Advancement of Science as well as the American Academy of Arts and Sciences. In those roles, she has led major studies on the consequences of lack of health insurance within the U.S. and erosion of state and federal support for the nation's public research universities.

The University of Iowa wishes to recognize Dr. Mary Sue Coleman for her contributions to higher education research and policy, her advocacy for students, diversity and inclusion, and for inspiring all universities to reach for excellence in academic achievement.

 THE UNIVERSITY OF IOWA

# CANDIDATES FOR DEGREE

*Spring 2019*

# Graduate College

Founded in 1900, the University of Iowa Graduate College manages the enrollment and degree progress for nearly 5,000 students from over 100 graduate programs in 10 different colleges spanning the arts and humanities, biological sciences, health sciences, engineering, education, physical sciences, social sciences, and business.

The mission of the UI Graduate College is to foster an intellectual environment conducive to exemplary research, scholarship, and creativity among graduate students, postdoctoral scholars, and faculty. The college makes every effort to ensure that the graduate programs offered by the university are of high quality and stimulate the creation of new knowledge and information, and that these efforts simultaneously benefit both graduate and undergraduate student learning. The Graduate College serves as an advocate for graduate education, allocates resources that support graduate students and programs, manages policies and procedures to establish and assess graduate programs, and fosters interdisciplinary programs.

# Henry B. Tippie College of Business

The University of Iowa first offered courses in economics and business in 1858. The School of Commerce was formally established in 1914 and was later renamed the College of Business Administration in 1921.

We hold the gold standard of accreditations, The Association to Advance Collegiate Schools of Business (AACSB), and have maintained the accreditation for more than 90 years (since 1923).

The college was renamed the Henry B. Tippie College of Business in 1999 in recognition of a significant gift from 1949 alumnus Henry B. Tippie. Today, there are more than 4,000 students in the college working toward Bachelor of Business Administration (BBA), Master of Accountancy (MAc), Master of Business Administration (MBA), Master of Science (MS), and doctoral (PhD) degrees. With more than 50,000 living alumni around the globe, the Tippie College of Business continues its long tradition of having an impact on the world.

# College of Dentistry

Dental education began at the University of Iowa in 1882 with 14 students, four faculty members, and a budget of just over \$1,000. Patients were treated in an improvised clinic equipped with borrowed barber chairs. Today, the College of Dentistry is among the leading dental schools in the United States. The college offers academic programs in all dental advanced education programs, including opportunities for continuing education, full courses of study for dental and graduate students, and PhD-level programs.

The college has a long history of graduating students who become nationally prominent clinicians, dental educators, and researchers. More than 4,600 living alumni perpetuate the college's tradition of excellence as they distinguish themselves with contributions to their professions and our society.

# College of Education

The UI College of Education is the top-ranked college of education in the state of Iowa and is also recognized among the best in the nation with its secondary-education teacher education program in the top 2 percent and the elementary education program in the top 6 percent nationally.

The college traces its roots to the University of Iowa's founding in 1847. Teacher education was the only program specifically called for when legislators created the State University of Iowa, just 59 days after Iowa became a state.

The College of Education offers teacher preparation programs based on bachelor's degrees. Elementary education is a College of Education major leading to a Bachelor of Arts degree. The wide variety of secondary education programs combine a liberal arts and sciences bachelor's degree academic major with teacher preparation coursework. Currently, the college enrolls approximately 550 students in teacher education programs that prepare them for licensure in elementary education and seven secondary education areas.

Every Hawkeye teacher graduates with a Teacher Leader Certificate that sets them apart from every other teacher in the nation because of the advanced training and professional development students receive in the areas of assessment, technology, and diversity/community engagement.

More than 550 graduate students are enrolled in programs that consistently rank among the nation's top 20. Graduates can be found serving as counselors, psychologists, principals, superintendents, student development experts, testing specialists, and educational administrators.

# College of Engineering

The College of Engineering at the University of Iowa is recognized for its groundbreaking research, hands-on personalized learning, and education that connects our students to a wide range of disciplines and resources. We position our students for success while on campus and in their careers beyond the university by providing them with the tools and experiences that will make them successful engineers who will have a global impact. Becoming an engineer at Iowa—an engineer and something more—is rooted in our commitment to combining engineering education and research with other areas of academic excellence across the university, including international studies, writing and communications, health sciences, business, law, arts, and humanities. This approach has helped establish the University of Iowa as the place to educate and train talented engineers who can address grand global challenges in a rapidly changing world.

There are more than 15,600 Iowa engineering alumni living and working throughout the world—4,500 in the state of Iowa—many with corporate and personal ties to the college through recruitment, mentoring, guest seminars, faculty consulting, sponsored research, financial giving, and other interactions.

# College of Law

The University of Iowa College of Law prepares its students to become tomorrow's leaders in law, government, and industry. Our leading law library, global curriculum, and strong writing tradition underpin the world-class legal education we provide. Through our live-client clinics and a wide range of externship placements, our law students hone their skills and embrace the highest ideals of the legal profession by providing legal services to the indigent and working on law reform for the improvement of the general welfare. Iowa-educated lawyers begin making a difference very early in their careers.

Our alumni practice law from Wall Street to Silicon Valley, from London to Beijing, and in almost all of Iowa's 99 counties. As corporate counsel, they advise business leaders, and as chief executive officers, they run businesses. They are state and federal judges, appointed officials, elected leaders, law professors, law deans, and university presidents. They can be found in classrooms, courtrooms, and boardrooms in every state in the nation, and around the world.

The College of Law ranks among the nation's best law schools, public or private. But as a public law school, we take our missions of access, affordability, and service seriously. To fulfill the promise to the public we serve, we draw upon the breadth and depth of the law school's assembled expertise to create new knowledge and to address the weightiest problems confronting modern society. We are grateful to the state of Iowa and the many individuals whose support contributes to our successes.

# College of Liberal Arts and Sciences

The College of Liberal Arts and Sciences invites students to explore the entire range of human learning, from the visual and performing arts to the humanities, social sciences, and natural and mathematical sciences.

Our students work with faculty members who are committed to integrating their research into their teaching and to helping students develop their own capacity to communicate persuasively, think creatively, adapt quickly, be open to emerging ideas and technologies, and work with colleagues with diverse expertise and backgrounds to solve problems and develop new frontiers.

In 1900-01, the college had about 600 students in its four “courses of study,” and a faculty consisting of only 28 professors and assistant professors. Today, more than 17,000 undergraduates are enrolled every year. About 80 percent of all UI undergraduates begin their studies in the College of Liberal Arts and Sciences, and we award about 70 percent of the university’s undergraduate degrees.

We are grateful to the many alumni who continue to support the college with their time and expertise and who have helped to provide funding to create opportunities and scholarships for our students. Most important, we are proud of our hardworking graduates who carry their University of Iowa College of Liberal Arts and Sciences education into their professional and civic lives.

# Roy J. and Lucille A. Carver College of Medicine

The University of Iowa Roy J. and Lucille A. Carver College of Medicine is an integral part of University of Iowa Health Care, the state's only comprehensive academic medical center, which also includes UI Hospitals & Clinics and UI Physicians, the state's largest multispecialty group practice. Educated in an atmosphere of scholarship, humanism, and respect, students acquire the knowledge and skills necessary to embrace advances in medical science and technology and serve as advocates for their patients, their profession, and their communities.

The Carver College of Medicine is the only college in Iowa that offers a curriculum leading to the Doctor of Medicine. It also awards degrees in Doctor of Physical Therapy, Master of Clinical Nutrition, Master of Clinical Anatomy, Master in Medical Education, Master of Physician Assistant Studies, and Master of Science in Athletic Training. Additionally, Carver College of Medicine students can earn a Bachelor of Science degree in medical laboratory science, nuclear medicine technology, or radiation sciences.

# College of Nursing

The University of Iowa College of Nursing has offered leading-edge nursing education since the turn of the 20th century, and baccalaureate and master's degree programs for more than 50 years. A PhD program in nursing began in 1988 and a DNP program was established in 2008. The college is an integral part of the health sciences campus, contributing to teaching, research, and patient-care resources that have earned international recognition.

With renowned faculty, advanced clinical experiences, and a tradition of innovative leadership, the University of Iowa College of Nursing is consistently ranked as one of the best nursing programs in the nation. Our graduates are sought after as highly skilled professionals who have received a rigorous education of the highest quality.

## College of Public Health

Public health is an interdisciplinary field made up of a wide range of professionals, including physicians, pharmacists, social workers, nutritionists, environmental scientists, health educators, biostatisticians, epidemiologists, health service administrators, and many others. What unites public health practitioners is the shared goal of preventing disease and injury and promoting healthy practices among entire populations.

The College of Public Health includes the Departments of Biostatistics, Community and Behavioral Health, Epidemiology, Health Management and Policy, and Occupational and Environmental Health. The college offers the undergraduate Bachelor of Arts in Public Health and the Bachelor of Science in Public Health. Four graduate degrees are offered: Master of Health Administration, Master of Public Health, Master of Science, and Doctor of Philosophy. Several public health combined-degree options are available with other UI colleges, including Business, Law, Liberal Arts and Sciences, Medicine, and Pharmacy, as well as the College of Veterinary Medicine at Iowa State University. An interdisciplinary program in human toxicology also is available.

There are opportunities for distance learning and certificate programs in public health. The Undergrad to Grad Program allows incoming undergraduates to earn both a bachelor's degree and a master's degree in five years. More than 25 research centers and institutes based in the college provide focused research on critical public health topics and deliver outreach and service activities in every Iowa county and beyond. Approximately 450 degree-seeking students are enrolled in the College of Public Health. The college is accredited by the Council on Education for Public Health.

# University College

University College, created in 2005, serves an important role at the University of Iowa, and is the academic home for a number of courses and degree programs that span the university.

The college provides educational opportunities for students that are both credit and noncredit through the continuing work of service units: Distance and Online Education, Center for Conferences, and the Summer Writing Festival. Many other nonacademic departments from across campus also offer coursework through University College.

Two undergraduate degrees, the Bachelor of Applied Studies (BAS) and the Bachelor of Liberal Studies (BLS), are offered through University College. Both degrees, which may be completed entirely online or through a combination of on-campus and online coursework, draw on courses from other undergraduate colleges. The BAS and BLS are designed for working adults balancing professional growth and busy lives, providing a flexible pathway to an undergraduate degree. A number of undergraduate certificate programs are also offered and can be added to either degree program.

Student success is also an important mission of University College and is supported in numerous programs within the college, including Orientation Services, On Iowa!, Success at Iowa, First-Year Seminars, Excelling@Iowa, Supplemental Instruction, Tutor Iowa, and Early Intervention. These programs contribute to a student's personal measure of collegiate success, both academically and in providing an enriching undergraduate experience.
