Julie Zerwic

Dean, College of Nursing

Maggie Choraży

Associate Dean, College of Public Health

Shelly Campo

Associate Dean, Graduate College

Barry Thomas

Senior Associate Dean, Tippie College of Business

ABOUT THE COLLEGE

Founded in 1900, the University of Iowa Graduate College manages the enrollment and degree progress of nearly 5,000 students from over 100 graduate programs in 10 different colleges spanning the arts and humanities, biological sciences, health sciences, engineering, education, physical sciences, social sciences, and business.

The mission of the Graduate College is to foster an intellectual environment conducive to exemplary research, scholarship, and creativity among graduate students, postdoctoral scholars, and faculty. The college makes every effort to ensure that the graduate programs offered by the university are of a high quality and stimulate the creation of new knowledge and information, and that these efforts simultaneously benefit both graduate and undergraduate student learning. The Graduate College serves as an advocate for graduate education, allocates resources that support graduate students and programs, manages policies and procedures to establish and assess graduate programs, and fosters interdisciplinary programs.
