COMMENCEMENT
Spring 2023
LETTER FROM THE PRESIDENT

Congratulations on your graduation from the University of Iowa!

The proudest day for a university like ours is commencement day—when our students, their friends and family, and their teachers and mentors celebrate the completion of a University of Iowa degree. And today is that day—the culmination of years of hard work, commitment to your studies, and growth through many new experiences. I know you and your loved ones are feeling the excitement of new paths ahead of you, and as leader of this wonderful university, I share that anticipation of new beginnings with you. Meeting with students is one of the highlights of my job as president. Today—commencement day—is a pinnacle for all of us, as we celebrate your accomplishments.

Our highest goal is to prepare students for lives of success and service, and today you are fulfilling the university’s mission as well as celebrating a major milestone in your journey. One of the greatest badges of pride you will wear from this day forward is your degree from the University of Iowa. When you say you are an Iowa graduate, that carries a very special meaning. And when we say you are an alum of the University of Iowa, that is a badge of pride we wear very proudly ourselves.

You’ve been a member of the Hawkeye family for a long time now, and we don’t want that to change. We encourage you to stay connected to the university through ForIowa.org, where you will find locations of IOWA Clubs that provide good company for game watches and service activities, alumni resources, and networking opportunities. The website also provides information on how to join alumni affinity groups to stay in touch with Hawkeyes who share your important UI experiences and how to subscribe to the IOWA Magazine and newsletter. We will come visit you as well! Keep an eye out for UI visits to your community when we will share updates about the exciting advances and innovations happening at the university and give you a chance to gather with other Hawkeyes and celebrate your Iowa pride.

As you go forward into new adventures and pursuits, we wish you the very best. You will always be part of the Hawkeye family and legacy, and we hope you will come back to visit us on campus.

Again, congratulations on all your achievements, and remember, Once a Hawkeye, Always a Hawkeye!

With warmest regards

Barbara J. Wilson
President
COMMENCEMENT CEREMONIES

Thursday, May 11, 2023

College of Pharmacy
Hancher Auditorium, 10:00 a.m.

College of Education
Hancher Auditorium, 4:00 p.m.

Friday, May 12, 2023

Graduate College Doctoral
Carver-Hawkeye Arena, 11:00 a.m.

College of Law
Hancher Auditorium, 2:00 p.m.

Carver College of Medicine, MD/MME
Hancher Auditorium, 6:30 p.m.

Graduate College Masters
Carver-Hawkeye Arena, 7:00 p.m.

Saturday, May 13, 2023

College of Nursing
Hancher Auditorium, 9:00 a.m.

College of Liberal Arts and Sciences
Carver-Hawkeye Arena, 9:00 a.m.

College of Liberal Arts and Sciences
Carver-Hawkeye Arena, 1:00 p.m.

Hancher Auditorium, 2:00 p.m.

University College
Virtual Ceremony, 3:00 p.m.

Tippie College of Business, Undergraduate
Carver-Hawkeye Arena, 5:00 p.m.

College of Public Health
Hancher Auditorium, 6:30 p.m.

Sunday, May 14, 2023

College of Engineering
Carver-Hawkeye Arena, 12:00 p.m.

Saturday, May 20, 2023

Tippie College of Business, MBA
Hancher Auditorium, 10:00 a.m.

Friday, June 2, 2023

College of Dentistry
Hancher Auditorium, 3:00 p.m.

Please visit the University of Iowa’s commencement website for information including live streaming, videos, Hawkeye Alumni engagement opportunities, and more at commencement.uiowa.edu.
THE UNIVERSITY OF IOWA

The University of Iowa is one of the nation’s premier public research universities, with 31,317 students from every Iowa county, all 50 states, the District of Columbia, four U.S. territories, and 103 countries. Founded in 1847, it is Iowa’s oldest institution of higher education and is located alongside the picturesque Iowa River in Iowa City.

A member of the Association of American Universities since 1909 and the Big Ten Conference since 1899, Iowa is home to one of the largest and most acclaimed medical centers in the country, as well as the famous Iowa Writers’ Workshop.

In pursuing its missions of teaching, research, and service, the university seeks to advance scholarly and creative endeavor through leading-edge research and artistic production; to use this research and creativity to enhance undergraduate, graduate, and professional education, health care, and other services provided to the people of Iowa, the nation, and the world; and to educate students for success and personal fulfillment in a diverse world.

The University of Iowa carries out its academic mission primarily through its 11 colleges, which offer undergraduate and graduate education, professional education, and education and training in the health sciences.

A Proud Tradition of Progress

Hawkeyes have always challenged barriers that prevent driven students from pursuing an education. This heritage of continuous progress shapes our community today as we endeavor to create a welcoming home for every perspective.

First university in the state of Iowa

First public university to admit men and women on an equal basis

First to officially recognize an LGBTQ+ student organization

First to broadcast educational television

First to offer the Master of Fine Arts degree

First college of law west of the Mississippi

First college of education in the country

GRADUATION HONORS

High academic achievement is recognized at graduation in several ways: graduation with distinction (based on grades only), graduation with departmental honors (based on both grades and the completion of special work as outlined by the college and the major department), and University Honors (based on grades and on the completion of coursework and experiential learning activities).

Graduation with Distinction: The Office of the Registrar certifies to the deans of the colleges the names of students eligible to graduate with distinction. To be eligible for consideration, the graduate must complete the final 60 semester hours in residence as an undergraduate at the University of Iowa and at least 45 semester hours must have been completed prior to the final semester of registration. The grade-point average (GPA) upon which distinction is determined includes all work undertaken prior to the beginning of the final semester or session.

Graduates with distinction in the Colleges of Liberal Arts and Sciences, Engineering, and Business rank as follows:
- With Highest Distinction: Highest 2%
- With High Distinction: Next Highest 3%
- With Distinction: Next Highest 5%

Graduates with distinction in University College must complete a total of 45 semester hours in residence; 30 must be completed prior to final registration. Recognition is determined as follows:
- With Highest Distinction: 3.90–4.00 GPA
- With High Distinction: 3.80–3.89 GPA
- With Distinction: 3.75–3.79 GPA

In the undergraduate programs in the College of Medicine:
- With Highest Distinction: 3.85 GPA or above
- With High Distinction: 3.75–3.84 GPA
- With Distinction: 3.65–3.74 GPA

In the Colleges of Public Health, Nursing, and Education:
- With Highest Distinction: 3.90 GPA or above
- With High Distinction: 3.80–3.89 GPA
- With Distinction: 3.75–3.79 GPA

In the College of Pharmacy:
- With Highest Distinction: 4.0 GPA or above
- With High Distinction: 3.75–3.99 GPA
- With Distinction: 3.50–3.74 GPA

Distinction is designated by gold stars worn on the left sleeve. Three stars indicate graduation with highest distinction; two, with high distinction; and one, with distinction.

Graduation with Departmental Honors: Departmental honors, or “honors in the major”, recognizes excellence in a student’s major area(s) of study. Departmental honors requires additional work by the student, commonly a scholarly project or creative piece completed under the mentorship of a single faculty member, that goes beyond the regular requirements for the major. Students who are graduating with departmental honors wear cordonis draped over the shoulders.

Graduation with University Honors: University honors requires the completion of a flexible curriculum of honors coursework that allows students to engage in deeper thinking about class material under guidance of instructors in smaller-group settings. University Honors also requires students to complete experience-based learning opportunities, such as research, study abroad, or internships, that promote “learning by doing” and that develop a range of academic, career, and life skills. Students receiving University Honors are recognized by a medal on a black-and-gold lanyard worn around the neck.
ACADEMIC COSTUME

The academic costume code recognizes three styles of gowns: bachelor’s, master’s, and doctoral. In May 2000, the Graduate College commemorated its centennial year with a new doctoral gown; the main differences can be seen in the trimming, cut, and shape of the sleeves. Hoods also denote degrees and may vary; the more elaborate adornments designate higher levels of degree attainment. The shell of the hood matches the black material of the gown, and the lining color represents the institution granting the degree. University of Iowa hoods are lined in old gold. The color of the velvet hood border indicates the field of study to which the degree pertains. At the University of Iowa, only doctoral degree candidates wear hoods. The velvet trim on hoods corresponds to colors established in the intercollegiate code.

The Oxford cap is proper for all degrees and can be worn both indoors and out with academic costume. The tassel, worn over the left eye, symbolizes the degree to be conferred on the wearer; tassels conform to the color code for degree trimming.

Institutional practice may vary from the established code. University of Iowa candidates for degree display tassels corresponding to the college from which their degree will be granted.

UNIVERSITY ARTIFACT

The podium placed at center stage at Carver-Hawkeye Arena was a gift to the University from the class of 1903. Made from solid mahogany, the podium boasts an etched silver placard inscribed with individual graduate names. This historic university artifact was restored by the Office of the Registrar in 2016. Graduate names etched on the podium plaque are available upon request.

PRESIDENTIAL EMBLEM

The jeweled gold medallion worn by the University of Iowa president during commencement ceremonies and other formal academic events on campus was designed as an emblem of the university’s presidency by Karen Cantine when she was a graduate student in the UI School of Art and Art History.

Featuring an abstract UI motif in the university’s colors—old gold and black—the emblem was first used in the investiture of Howard R. Bowen as the university’s 14th president during inauguration ceremonies on Dec. 5, 1964.

Four-and-one-half inches in diameter, the medallion is worn on a gold chain also designed and made by Cantine. Fashioning the emblem from a sheet of 14-carat yellow gold, Cantine outlined in black enamel eight UI motifs in raised gold letters in areas radiating from a large topaz in the center.

The central jewel is nearly an inch in diameter. A slightly smaller topaz is set in the link that attaches the emblem to the chain on which it is worn, and eight small topazes are set around the edge of the emblem, one at the end of each “spoke.”

Designing and making the presidential emblem was part of Cantine’s work for a Master of Arts degree in metalwork and jewelry design.
HONORARY DEGREES

The University of Iowa, with approval from the Board of Regents, State of Iowa, confers honorary degrees to individuals who have demonstrated extraordinary achievements in such areas as research, scholarship, education, artistic creation, social activism, human rights, humanitarian outreach, or as recognized by the faculty as being consistent with the values of higher education.

Honorary degrees may be conferred at commencement ceremonies in the appropriate college or at university convocations. Honorary degrees are typically conferred only when the honoree is present. On rare occasions, an honorary degree may be conferred in absentia.

The first honorary degree was awarded in 1962; no honorary degrees were conferred from June 1, 1981 to 2007. Over 40 honorary degrees have been awarded, and two have been approved but not yet conferred.

For more information on honorary degrees, or to see a list of award recipients, please visit uiowa.edu/honorarydegrees.
Oliver Lee Jackson

Honorary Doctor of Humane Letters

An internationally esteemed painter, sculptor, and printmaker, Oliver Lee Jackson has pursued his craft for more than 60 years. Jackson’s creative work is rooted in the human figure and gesture, with a dynamic integration of figure and field. Jackson earned an MFA in art from the University of Iowa in 1963. His studies were supported by art and art history faculty Byron Burford, James Lechay, Charles Cuttler, and Wallace Tomasini, who provided financial assistance through teaching and work as a studio assistant. In 2022, two of his paintings from 1978 were purchased for the inaugural exhibition of the University of Iowa Stanley Museum of Art.

Oliver Lee Jackson is a recipient of a 2023 Lee Krasner Award for lifetime achievement from the Pollock-Krasner Foundation of New York. For six decades, he worked as an instructor, curriculum consultant, and visiting artist at numerous institutions with prestigious applied arts programs. He served as Assistant Director of the People’s Art Center in St. Louis from 1963 to 1964, and was a founder and director of Program Uhuru at Pruitt & Igoe public housing from 1967 to 1968, created to bring to low-income, intergenerational African Americans a constructive means of developing dialogue through arts programs. Jackson was an advisor to the Black Artists Group in St. Louis from 1968 to 1972 and participated in many of BAG’s artistic programs; during that time, he articulated the concept of an “African Continuum,” which reflects a sensibility that persists across time within the African diaspora.

Jackson has maintained a studio in Oakland, California, since 1982. His works have been exhibited widely, including at the Whitney Museum of American Art, Seattle Art Museum, National Gallery of Art, and Museo do Arte Moderno in Rio de Janeiro, among others. His paintings, sculptures, and graphic works are featured in the permanent collections of the National Gallery of Art, Metropolitan Museum of Art and Museum of Modern Art in New York, Art Institute of Chicago, San Francisco Museum of Modern Art, Saint Louis Art Museum, and numerous others.

Shirley Schermer

Honorary Doctor of Science

Shirley Schermer earned an MA in anthropology from the University of Iowa in 1982. Upon graduation, she accepted a position as a skeletal biologist at the Office of the State Archaeologist and served as the first OSA Burials Program Director from 1987 until her retirement in 2014.

Through Schermer’s dedication to archaeological research and advocacy, the University of Iowa and the State of Iowa became known worldwide for balancing the need for careful recovery and examination of human remains with respectful reinterment and preservation. In collaboration with Maria “Running Moccasins” Pearson, co-founder of the OSA Indian Advisory Committee, Schermer helped implement the Iowa Burials Law, which protects ancient burial sites in the state of Iowa. Schermer and Pearson’s efforts inspired the federal Native American Graves Protection and Repatriation Act of 1990. These best practices were later adopted by the World Archaeological Congress and other international organizations.

In 1998, when the University of Iowa acquired the Stanford-Meyer human osteological collection (now renamed the University of Iowa Stanford Collection), Schermer was instrumental in procuring multiple National Science Foundation grants to develop and sustain it. She also spearheaded the extensive restoration and process of cataloguing the early 20th-century remains while maintaining their physical stability and integrity.

During her esteemed career, Schermer has been a member of many state and national organizations, serving on the Education Committee of the Society of American Archaeology and the board of directors for the Iowa Archaeological Society, as well as chairing the Anthropology Section of the Iowa Academy of Science. In 1991, she was appointed by the governor to the State Preserves Advisory Board—later serving five years as chair. She was included in the Plaza of the Heroines at Carrie Chapman Catt Hall at Iowa State University in 1995 and received the Keyes Award from the Iowa Archaeological Society that same year.
CANDIDATES FOR DEGREE

Spring 2023
GRADUATE COLLEGE

Founded in 1900, the University of Iowa Graduate College manages the enrollment and degree progress of nearly 5,000 students from over 100 graduate programs in 10 different colleges spanning the arts and humanities, biological sciences, health sciences, engineering, education, physical sciences, social sciences, and business.

The mission of the Graduate College is to foster an intellectual environment conducive to exemplary research, scholarship, and creativity among graduate students, postdoctoral scholars, and faculty. The college makes every effort to ensure that the graduate programs offered by the university are of a high quality and stimulate the creation of new knowledge and information, and that these efforts simultaneously benefit both graduate and undergraduate student learning. The Graduate College serves as an advocate for graduate education, allocates resources that support graduate students and programs, manages policies and procedures to establish and assess graduate programs, and fosters interdisciplinary programs.

HENRY B. TIPPIE COLLEGE OF BUSINESS
UNDERGRADUATE PROGRAMS

The University of Iowa first offered courses in economics and business in 1858. The School of Commerce was formally established in 1914 and was later renamed the College of Business Administration in 1921. The college received national accreditation in 1923 and has held that accreditation ever since.

The college was renamed the Henry B. Tippie College of Business in 1999 in recognition of a significant gift from 1949 alumnus Henry B. Tippie. Today, there are more than 5,000 students in the college working toward Bachelor of Business Administration (BBA), Master of Accountancy (MAC), Master of Business Administration (MBA), Master of Science (MS), and doctoral (PhD) degrees.

With more than 50,000 living alumni around the globe, the Tippie College of Business continues its long tradition of having an impact on the world.

Bachelor of Business Administration

HENRY B. TIPPIE COLLEGE OF BUSINESS
GRADUATE MANAGEMENT PROGRAMS

MBA programs at the Tippie College of Business prepare the next generation of business leaders to thrive in a changing world. By incorporating solid fundamentals with modern curriculum, Tippie gives graduates the skills they need to advance now—and into the future. Since 1921, we’ve continued to produce exceptional research and thought leadership while helping our students expand their professional networks.

Through the Iowa MBA Program, working professionals can earn their degree in our Central and Eastern Iowa locations, online, and in Italy. Our Executive MBA Program provides advanced professionals with the high-level skills they need to succeed in leadership roles.

Tippie’s MBA programs have more than 1,300 working professionals enrolled, representing over 400 Iowa companies, educational institutes, and non-profit organizations. Our focus on transformative business education that meets the needs of today’s employers gives Iowa’s MBA graduates a strong foundation to launch the next phase of their careers.

**COLLEGE OF DENTISTRY**

Dental education began at the University of Iowa in 1882 with 14 students, four faculty members, and a budget of just over $1,000. Patients were treated in an improvised clinic equipped with borrowed barber chairs. Today, the College of Dentistry is among the leading dental schools in the United States. The college offers academic programs in 10 advanced-education dental programs, including opportunities for continuing education, full courses of study for dental and graduate students, and PhD-level programs.

The college has a long history of graduating students who become nationally prominent clinicians, dental educators, and researchers. More than 5,100 living alumni perpetuate the college’s tradition of excellence as they distinguish themselves with contributions to their professions and our society.

COLLEGE OF EDUCATION

The University of Iowa College of Education seeks to be a world-class college of education by leading research, engaging communities, preparing education and mental health professionals, and meeting the educational and mental health needs of the people of Iowa and beyond.

The University of Iowa College of Education offers a broad range of education and mental health preparation programs, services, resources, and supports to people of all ages across Iowa and beyond. The college offers certificate programs through UI REACH, undergraduate programs in elementary education, secondary education, and education studies and human relations, and is the highest ranked graduate college of education in Iowa. The college's research program spent nearly $14 million in external research funding 2021–2022, the highest in the state for any college of education. The college is nationally recognized for elementary and secondary education programs.

The college awards nine BA majors—one in elementary education, and seven for secondary teaching (art education, English education, mathematics education, music education, science education, social studies education, and world language education), which complement majors in liberal arts and sciences, and one non-licensure major, education studies and human relations. Currently, the college enrolls more than 900 undergraduate students and has an excellent placement rate, with 100% of graduates from 2021–2022 employed or enrolled in additional education within six months of graduation.

The college's graduate programs are highly acclaimed, with several ranked in the nation's top 20. More than 550 graduate students are enrolled, with 99% of graduates from 2021–2022 employed or enrolled in additional education within six months of graduation. Our graduates serve as teachers, educators, counselors, psychologists, principals, mental health professionals, school superintendents, testing specialists, faculty, researchers, and higher education leaders in Iowa, across the nation, and around the world. The college's faculty and graduate students spent nearly $14 million of external funding on research, contracts, and other scholarly endeavors.

The college also currently enrolls about 70 students in UI REACH (Realizing Educational and Career Hopes), a comprehensive transition program for college-age students with intellectual, cognitive, and learning disabilities. UI REACH offers an integrated college experience in a caring and structured environment.

COLLEGE OF ENGINEERING

The College of Engineering at the University of Iowa has a long and distinctive history of producing breakthrough knowledge, training the next generation of engineers, and translating our work for broad impact. We are driven by talented faculty, staff, and students who are producing knowledge to address grand challenges around advanced technologies, health sciences, sustainability, energy, and the environment. Our graduates are ethical, globally-aware citizens whose work while at the University of Iowa and throughout their careers make the world safer and our use of resources more efficient. As a center of innovation and discovery, the people who make up the College of Engineering are undoubtedly improving quality of life for our Iowa community as well as for people across the United States and around the world.

There are more than 17,000 Iowa Engineering alumni living throughout the world—more than 5,200 in the state of Iowa—many with corporate and personal ties to the college through recruitment, mentoring, guest seminars, faculty consulting, sponsored research, financial giving, and other interactions.

COLLEGE OF LAW

The University of Iowa College of Law is among the top public law schools in the nation. Grounded in both theory and practice, our superior legal education gives graduates the competence to succeed in any legal setting.

Our leading law library, global curriculum, and writing expertise underpin the world-class legal education we provide. We treat service and on-the-job experience as integral components of a legal education—allowing students to explore the breadth of the profession and contribute to real change in society. Through live-client clinics and a wide range of externship placements, our law students hone their skills and embrace the highest ideals of the legal profession.

Our alumni network is 10,700+ strong, covering all 50 U.S. states and almost all of Iowa’s 99 counties. From Wall Street to Silicon Valley, London to Beijing, Iowa Law graduates live and work around the world. As corporate counsel, they advise business leaders, and as chief executive officers, they run businesses. They are state and federal judges, appointed officials, elected leaders, law professors, and university presidents. They are in classrooms, courtrooms, and boardrooms. With an Iowa Law degree, you can succeed anywhere.

As part of the No. 1 public university for writing in the U.S., Iowa Law has a long reputation for producing strong legal writers. The ability to turn complex matters into concise, compelling writing is an essential skill in the field and one that sets our graduates apart in the job market. Iowa Law is one of the few top-tier law schools to invest in full-time writing faculty. Our LAWR professors are former practicing lawyers who are committed to helping students achieve their writing goals and find success in their careers.

The College of Law ranks among the best law schools in the country, public or private. But as a public law school, we take our missions of access, affordability, and service seriously. To fulfill our promise to the public we serve, we draw upon the breadth and depth of the law school’s assembled expertise to create new knowledge and to address the weightiest problems confronting modern society. We are grateful to the state of Iowa and the many individuals whose support contributes to our successes.

COLLEGE OF LIBERAL ARTS AND SCIENCES

In the University of Iowa College of Liberal Arts and Sciences, we empower inquiring and motivated students to explore the entire range of human learning—from the arts and humanities to the social, natural, and mathematical sciences—in preparation for meaningful lives and rewarding careers.

At our founding in 1901, the College of Liberal Arts and Sciences instructed about 600 students in four courses of study. Today, nearly 15,000 undergraduates are enrolled in our college. Roughly 80% of all UI undergraduates begin their studies in the College of Liberal Arts and Sciences, and we award about 60% of the University of Iowa's undergraduate degrees.

Alumni of the college are pioneers in everything from space physics, medicine, and neuroscience, to theatre, television, and film; they are professional athletes and accomplished artists; and they have won Pulitzer Prizes, Olympic medals, Oscars, Emmys, and more.

We are immensely proud of each one of our hardworking graduates, who will carry their Iowa experience into their professional and civic lives as original thinkers and engaged citizens of their communities and the world.

***With Highest Distinction    **With High Distinction    *With Distinction    +With University Honors
The University of Iowa Roy J. and Lucille A. Carver College of Medicine is an integral part of University of Iowa Health Care, the state's only comprehensive academic medical center, which also includes UI Hospitals & Clinics and UI Physicians, the state's largest multispecialty group practice. Educated in an atmosphere of scholarship, humanism, and respect, students acquire the knowledge and skills necessary to embrace advances in medical science and technology and serve as advocates for their patients, their profession, and their communities.

The Carver College of Medicine is the only college in the state of Iowa that awards a Doctor of Medicine degree. It also offers a curriculum leading to degrees in Doctor of Physical Therapy, Master of Clinical Nutrition, Master of Clinical Anatomy, Master in Medical Education, Master of Physician Assistant Studies, and Master of Science in Athletic Training. On the undergraduate level, Carver College of Medicine students can earn a Bachelor of Science degree in medical laboratory science, nuclear medicine technology, or radiation sciences.

Additionally, the Carver College of Medicine offers graduate programs leading to the M.S. and Ph.D. in biochemistry, the M.S. and Ph.D. in microbiology, and the M.S. in pathology. Departmental participation and teaching leads to the Graduate College's M.S. and Ph.D. in biomedical science with cell and developmental biology, free radical and radiation biology, molecular physiology and biophysics, and pharmacology subprograms. The college also offers a combined M.D./Ph.D. degree through the Medical Scientist Training Program. Furthermore, many of the college's faculty members participate in the Graduate College's interdisciplinary programs in genetics, immunology, molecular medicine, and neuroscience.

The University of Iowa College of Nursing has offered leading-edge nursing education since the turn of the 20th century and baccalaureate and master’s degree programs for more than 50 years. A PhD program in nursing began in 1988, and a Doctor of Nursing Practice program was established in 2008. The college is an integral part of the health sciences campus, contributing to teaching, research, and patient-care resources that have earned international recognition.

With renowned faculty, advanced clinical experiences, and a tradition of innovative leadership, the University of Iowa College of Nursing is consistently ranked as one of the best nursing programs in the nation. Our graduates are sought after as highly skilled professionals who have received a rigorous education of the highest quality.
COLLEGE OF PHARMACY

Since 1885 the University of Iowa College of Pharmacy, one of the most highly regarded programs in the country, has maintained an unsurpassed commitment to educate and train the highest quality pharmacists and pharmaceutical scientists. The Doctor of Pharmacy program has a firm grounding in science and evidence-based practice, exploration of career choices through required and elective courses, and ample leadership opportunities. The program synthesizes basic scientific principles and practice through caring and communication in an integrated professional program. In addition to the PharmD degree, students may specialize with a professional Certificate in Palliative Care, a Leadership Certificate, a combined Doctor of Pharmacy/Master of Public Health degree, or Doctor of Pharmacy/Master of Science in informatics degree. The College of Pharmacy also offers a Doctor of Philosophy in drug discovery and experimental therapeutics, health services research, and pharmaceutics. Researchers have a passion for fundamental and translation research in drug discovery, drug development, biomedical science, and health care delivery.

Over 1,000 preceptors and adjunct faculty members assist in training and providing practice experiences for students. Career options are wide and varied, including clinical specialization, community, public service, consulting and long-term care, industry, teaching and research in academia, managed care, or research. The college community proudly collaborates with expert health care providers and researchers at UI Hospitals & Clinics and five health care colleges on campus.

COLLEGE OF PUBLIC HEALTH

Public health is an interdisciplinary field made up of a wide range of professionals, including physicians, environmental scientists, health educators, biostatisticians, epidemiologists, health service administrators, pharmacists, social workers, nutritionists, and many others. What unites public health practitioners is the shared goal of preventing disease and injury and promoting healthy practices among entire populations.

The College of Public Health includes the Departments of Biostatistics, Community and Behavioral Health, Epidemiology, Health Management and Policy, and Occupational and Environmental Health. The college offers an undergraduate Bachelor of Arts in public health and a Bachelor of Science in public health. Four graduate degrees are offered: Master of Health Administration, Master of Public Health, Master of Science, and Doctor of Philosophy. Several public health combined-degree options are available with other UI colleges, including Law, Liberal Arts, Medicine, and Pharmacy, as well as the College of Veterinary Medicine at Iowa State University. An interdisciplinary program in human toxicology also is available.

There are opportunities for distance learning and certificate programs in public health. The Undergrad to Grad Program allows incoming undergraduates to earn both a bachelor's degree and a master's degree in five years. More than 23 research centers and institutes based in the college provide focused research on critical public health topics and deliver outreach and service activities in every Iowa county and beyond. Over 600 degree-seeking students are enrolled in the College of Public Health. The college is accredited by the Council on Education for Public Health.

UNIVERSITY COLLEGE

University College, created in 2005, is the academic home for a number of courses and degree programs that span the university.

The college provides educational opportunities for students that are both credit and noncredit awarding through Distance and Online Education and collaborations with other academic departments from across campus.

Two undergraduate degrees, the Bachelor of Applied Studies (BAS) and the Bachelor of Liberal Studies (BLS), are offered through University College. Both degrees, which may be completed entirely online or through a combination of on-campus and online coursework, are interdisciplinary programs that draw on courses from University College and other undergraduate colleges, providing a flexible pathway to an undergraduate degree. A number of undergraduate certificate programs and minors are also offered through University College.

Student success is an important mission of University College and is supported in numerous programs within the college, including Academic Support and Retention, Orientation Services, On Iowa, Success at Iowa, First-Year Seminars, Excelling@Iowa, Supplemental Instruction, Tutor Iowa, Early Intervention, and First-Gen Hawks. These programs contribute to a student’s personal measure of collegiate success, both academically and in providing an enriching undergraduate experience.

ACKNOWLEDGEMENTS

Indigenous Land Acknowledgement

The University of Iowa is located on the homelands of the Ojibwe/Anishinaabe (Chippewa), Báxoje (Iowa), Kiikaapoi (Kickapoo), Omāēqnomenēwak (Menominee), Myaamiaki (Miami), Nutachi (Missouri), Umoⁿhoⁿ (Omaha), Wahzhazhe (Osage), Jiwere (Otoe), Odawaa (Ottawa), Póⁿka (Ponca), Bodéwadmi/Neshnabé (Potawatomi), Meskwaki/Nemahahaki/Sakiwaki (Sac and Fox), Dakota/Lakota/Nakoda, Sahnish/Nuxbaaga/Nuweta (Three Affiliated Tribes) and Ho-Chunk (Winnebago) Nations. The following tribal nations, Umoⁿhoⁿ (Omaha Tribe of Nebraska and Iowa), Póⁿka (Ponca Tribe of Nebraska), Meskwaki (Sac and Fox of the Mississippi in Iowa), and Ho-Chunk (Winnebago Tribe of Nebraska) Nations continue to thrive in the State of Iowa and we continue to acknowledge them. As an academic institution, it is our responsibility to acknowledge the sovereignty and the traditional territories of these tribal nations, and the treaties that were used to remove these tribal nations, and the histories of dispossession that have allowed for the growth of this institution since 1847. Consistent with the University's commitment to Diversity, Equity and Inclusion, understanding the historical and current experiences of Native peoples will help inform the work we do; collectively as a university to engage in building relationships through academic scholarship, collaborative partnerships, community service, enrollment and retention efforts acknowledging our past, our present and future Native Nations.

Nondiscrimination Statement

The University of Iowa prohibits discrimination in employment, educational programs, and activities on the basis of race, creed, color, religion, national origin, age, sex, pregnancy (including childbirth and related conditions), disability, genetic information, status as a U.S. veteran, service in the U.S. military, sexual orientation, gender identity, or associational preferences. The university also affirms its commitment to providing equal opportunities and equal access to university facilities. For additional information on nondiscrimination policies, contact the Director, Office of Institutional Equity, the University of Iowa, 202 Jessup Hall, Iowa City, IA 52242-1316, 319-335-0705, oie.ui@uiowa.edu.

This program is printed on recycled paper and can be recycled after the commencement ceremony. The University of Iowa is committed to integrating sustainable practices into all university programs and activities while ensuring a memorable and positive experience at every event. Please note, all participating graduates have been provided with their own copy of the commencement program.
